

Ask Permission To Exceed Limit

Because the six-cent levy set up in the tax budget this year for library purposes will increase the expenditures of the city of Torrance more than five per cent over last year, the council on Tuesday adopted a resolution asking permission from the board of equalization to exceed this limit. Under the law, a municipality may not increase its expenditures in any fiscal year by more than five percent over those of the preceding year.

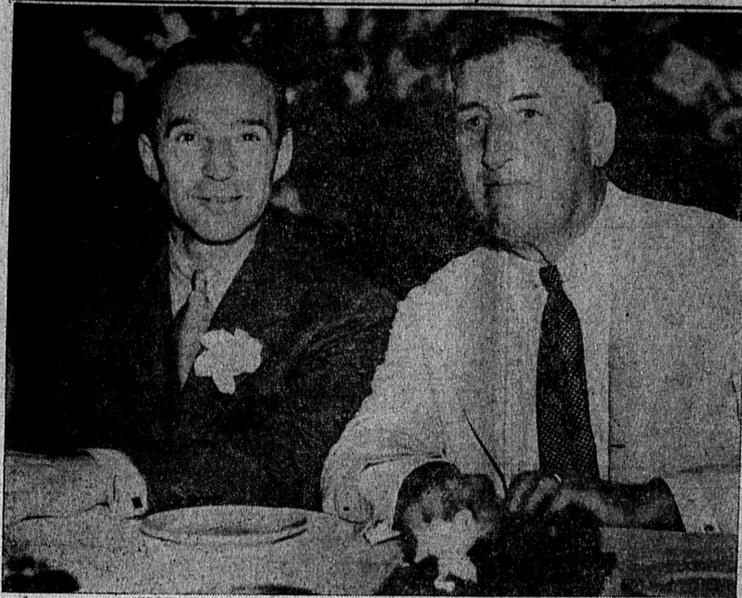

The transfer of the library tax from county to city rolls brings about that condition, although it makes no financial difference in the tax bill of the individual.

J. R. Edwards Is Called By Death

J. R. Edwards, age 58, who resided with his mother Mrs. E. L. Edwards at 15333 South Western avenue, Torrance, passed away at his home on Tuesday. Funeral services were conducted at Stone & Myers chapel today, with Rev. E. Murray Clayton of St. Andrews Episcopal church in charge. Interment was made at Evergreen cemetery, Los Angeles. Mr. Edwards was the son of the late Dr. George R. Edwards.

COLUMBIA, Mo. (U.P.)—An innovation in the making of grades makes its appearance at the University of Missouri this fall. The records will be photographed and the prints forwarded to students.

Smile as Production Nears Million Mark

EDSEL FORD

W. C. COWLING

Mr. Ford, left, president of the Ford Motor Company, and W. C. Cowling, general sales manager, at the luncheon meeting in the Cafe of the World, America's Exposition, Balboa Park, San Diego. One thousand Ford and Lincoln dealers and salesmen and Service Merch Club members gathered in San Diego for a program that included a tour through the Exposition grounds, deep-sea fishing, etc. Saturday, as guests of the company, the members of the Ford organization toured the studios of Hollywood. Ford V-8 production for this year is nearing the million mark forecast as the goal for the year.

School Board Sets Date of Bond Election

Voters Asked to Authorize Issuance of \$12,000,000 For Reconstruction

November 19 is the date fixed by the Los Angeles board of education for a special election at which voters will be asked to approve a \$12,000,000 bond issue in order that the district may obtain a cash federal grant of \$10,139,729 from the PWA.

The date was fixed at the meeting of the board of education Thursday afternoon in Los Angeles.

Plans are being made today for the campaign to obtain the public support for the bonds. Without approval of the proposed bond issue, the PWA will withdraw its \$10,000,000 grant, according to board officials. Originally it was proposed to obtain the entire amount from the PWA, the \$10,000,000 in the form of a grant, and the balance in the form of a loan to be retired by bonds.

Should the bonds be given the necessary majority, it is believed the federal government will buy the bonds in the event they would find no market locally.

More than half of the federal grant will be used to reconstruct and to rehabilitate elementary school buildings throughout the district, the figure being given as \$5,137,363. For high school building reconstruction, \$4,711,937 is to be expended, while it is proposed to expend \$291,273 on buildings at the Los Angeles Junior College.

Should the bond issue carry the City of Torrance will probably attempt to have included in the rehabilitation program the high school auditorium and the elementary school at Waverly. The auditorium is greatly needed for various high school activities and is also used many times for the presentation of community projects because of its ample seating capacity. The elementary school building at Waverly, which was seriously damaged in two earthquakes, the last one on March 10, 1933, completing the work of rendering the structure unsafe for use, should be torn down and entirely rebuilt. The pupils at Waverly are now housed in bungalows.

Canoe Tricks Sailors SEATTLE (U.P.)—Much chagrined were three sailors of the U. S. navy destroyer Waters. While on leave they went canoeing on the fresh waters of Lake Washington. Their canoe capsized and before they had chance to it for an hour, they were picked up by a passing sailboat.

Soup Introduces the Meal

Or Serves As Its Most Important Dish

A clear soup, or one that is light and savory is an ideal prelude to a substantial meal. Other soups, rich in meat and vegetables can serve adequately as the main dish when supplemented by a salad, or a substantial dessert. Here are satisfactory examples of each type.

Louisiana Soup
Soak one pound of dried lima beans one hour or more. Put part of a ham bone, the beans, three onions, twelve peppercorns, and one half a bay leaf with six to eight cups of water in a soup kettle and cook slowly until the beans are tender—two or more hours. Reserve one and one half cups of whole beans. Force the remaining beans and stock through a puree sieve. Return the whole beans to the stock and add one cup minced carrot, one-half cup minced green pepper and one small can tomatoes. Cook until tender. If there are bits of ham adhering to the bone, mince them and add to the soup. This soup with toasted bread is sufficient for dinner with a salad and dessert.

Bortsch
2 1/2 cups shredded raw vegetables (carrots, celery and lettuce).
2 cups shredded cabbage
2 or 3 onions
3 cups water
3 cups canned consommé or rich beef stock
1-3 cup tomato paste
salt and pepper
2 tablespoons sugar
1 tablespoon lemon juice
Peel carrots and beets and cut in very narrow strips; shred outer stalks of celery; slice onions and cook in a little fat about 5 minutes; shred cabbage. Combine vegetables; add water and consommé and cover and cook very slowly until the vegetables are tender. Do not strain. Add tomato paste, salt and pepper, sugar and lemon juice. Serve very hot with a teaspoon of sour cream on each serving.

Consomme
2 1/2 pounds shin of beef
1 fowl
2 large carrots
2 white onions
2 leeks
parsley
thyme
1 clove garlic
1 laurel leaf
2 cloves
salt and pepper
6 quarts cold water
Wash the chicken carefully, put it in a large soup pot, add the water. Let stand for an hour, then put on the fire and bring slowly to a boil. Remove the scum, add half a glass of cold water and bring to a boil again. Repeat this process twice. Simmer very slowly for an hour then add the rest of the ingredients and simmer for 7 hours. Strain through a fine sieve and through wet cheesecloth. When cold carefully remove grease. Reheat before serving.

Torrance Notes

Mrs. Anna Hammer of Oklahoma City, who has been spending the summer at the Robinson hotel Long Beach, was a weekend guest at the home of Mrs. Zada Hastie, 2020 Arlington avenue.

Week-end visitors at the San Diego Fair included Mr. and Mrs. Harry Doley of the Doley Drug Co.

Jose, are telling their friends of their trip to the top of Mt. Whitney. This they feel is something to rejoice about since Whitney is the highest mountain in the United States, 14,500 feet high.

DINNER GUESTS WEDNESDAY
Mr. and Mrs. L. C. Dean, 2203 Torrance boulevard, entertained with a dinner party at their home Wednesday evening. Their guests included Mr. and Mrs. L. G. Erdull and Mr. and Mrs. C. M. Howard of Glendale.

ONE 5c SPOOL OF THREAD . . . COSTS MORE THAN HOT WATER 24 HOURS A DAY!

It costs less than a nickel a day (and all night included) to have a never-failing supply of hot water ready to spout from every faucet in the average Southern California home—that is, if you use an automatic gas water heater.

Heating water automatically with Natural Gas saves two dollars out of three every month, compared with the cost of any other modern method.

And the reason is that Southern California Natural Gas is efficient as well as inexpensive—it goes to work instantly! It delivers more heat units per minute, with no time and money wasted in "warming up." You'll appreciate this quick heating when two or three people in the family have used hot water for long shower baths—and you're next.

Any dealer, or the Gas Company, will gladly tell you all about the new low terms on gas appliances.

DEBRA RADIO moves to new QUARTERS

DeBra Radio Company this week removed its place of business from 1324 17th Prado to 1521 Cabrillo avenue, where an exclusive radio repair and service station has been installed. Gene DeBra, proprietor of the company has been identified with radio in Torrance since 1923, and extends an invitation to old and new patrons to visit at his new quarters.

Old Autos Sold to Museum DULUTH, Minn. (U.P.)—George A. Sloan, of Duluth, has sold two antique automobiles to a Los Angeles museum, being developed by a California lumberman. One car was a five-passenger International; the other, a sporty one-seater made by an Ohio firm. They had been in storage for 15 or 20 years, Sloan said.
